Hi Risa—

On behalf of the Certification Board of Infection Control and Epidemiology, Inc. (CBIC), I'm writing to congratulate you and your chapter on receiving the CHICA CIC Chapter Achievement Award this year! I was in attendance at the opening ceremony in Toronto where you were recognized, and it was an exciting presentation! You and your chapter members should be very proud of this success. You are serving as role models for professionals in infection prevention and control across North America!

It's great when someone makes the decision to become certified in our profession, but it's even more impressive when a group serve as a source of encouragement and motivation to others, and who promote certification as the standard of practice. I can't thank you enough for helping to increase the numbers of CICs in your chapter, and by so doing, helping to raise the standards for health care in all settings.

I know that Kathy McChie, Chair of our Marketing Committee, has been in touch with you. We hope to focus attention on your achievements in our upcoming Enews, and we appreciate your sharing this celebration with us. Congratulations again to you and your chapter, for this great accomplishment!

Sincerely,

Terrie Lee, RN, MS, MPH, CIC
